

THE IE4 SOLUTION FROM LAFERT

Tailored to your requirements
or off-the-shelf

Whatever your requirements for IE4,
Lafert offer a complete range from 0.75-30kW.
If you are looking for a bespoke motor or prefer to select
from stock then Lafert have a solution.

Permanent magnet technology provides
high efficiencies across the speed range
and also a potential to save up to 50%
in motor size and weight.
