

HP SERIES

for a greener tomorrow

Synchronous PM motors
Integrated drive or stand alone PM motor
Super Premium Efficiency - IE4 and IE5

Lafert offers a complete range of PM (Permanent Magnet) motors from 0.55-30 kW. PM motors from Lafert provide IE4 and IE5 efficiency levels and due to compactness, a potential to save 50% in motor size and weight.

The Lafert range of PM motors focuses on energy savings in HVAC applications, offering significant benefits for compressors and blowers.
